# TEXAS EDITION

COOLING AIRFLOW IN A TEXAS-SIZED PACKAGE

Powerfoil X3.0

Powerfoil D

## Construction Features

Compatible Fans	Design and Colors	Texas Plate	Mounting	Multi-Point Safety <sup>1</sup>
Powerfoil D (8–24 ft diameters) Powerfoil X3.0 (12–24 ft diameters)	Texas plate with state flag on lower hub Blue drive and motor frame components Red winglets	Made from 3/16 inch lightweight laser-cut aluminum 37.11 x 35.21 inches (W x H) Powder coated and screen printed for longevity and durability	Standard upper mount installs to I-beams and bar joists Optional kits allow for mounting to solid beams and purlins	Double safety cable system, airfoil retainers, hub safety clips, Grade 8 hardware, fire relay, guy wires, and airfoil restraint system

See the full fan technical specifications for additional features and data by fan model and diameter.

<sup>1</sup> Airfoil restraint system comes standard on 20–24 ft (6–7.3 m) fans and is an option for smaller diameter fans. The fire relay must be wired during install if required by local code. Guy wires are included with fans that have extension tubes 4 ft (1.2 m) or longer.

Lead times may vary. See full warranty for coverage information.
